When the above article was first published online, M. Bulu’s name was listed in error as “Melik Bulu”. This has now been corrected in both the print and online versions to “Melih Bulu”.

Secondly, M. Bulu’s affiliation was listed in error as “associate professor in the School of Management and Administrative Sciences at Istanbul Şehir Univeristy”. This has now been corrected in both the print and online versions to “professor in the Faculty of Economics and Administrative Sciences at Istinye University”.

Taylor & Francis apologises for this error.
